- ▶ Organize and Arrange Tools: Organize and place needed tools and parts in marked drawers for easy access. It is recommended to store similar tools and parts in the same drawer and to label the drawer with its contents.
- ▶ Adjust the drawer: If necessary, please adjust the position of the drawer according to your personal needs and the size of the tool to meet the opening requirements of the use.
- ▶ Maintenance Cleaning: The workbench and drawers should be cleaned regularly to ensure that they remain in good condition for a long time and avoid stubborn stains or excessive dust accumulation.
- ▶ Safe use: When using the workbench, please maintain safe operation and make sure all drawers are fully closed to avoid tools or items from falling or sliding out. All in all, the 20-drawer heavy-duty workbench is easy to use and assemble, and conveniently stores tools and parts of all sizes.
