## Applications

Designed to shine in garages, workshops, mudrooms, and other areas of your home, the **cold rolled stainless steel tool cabinet** instantly upgrades the look of your space and provides you with organized storage for all your belongings. Constructed of heavy-duty cold-rolled steel for added strength, the **cold rolled stainless steel tool cabinet** can hold everything from spare parts to garden tools, and is scratch and stain resistant, with a powder-coated paint finish that protects the tool cabinet from heavy everyday use. A sturdy **cold rolled stainless steel tool cabinet** gives you the space you need for gardening, crafts, and home maintenance while providing a warm color feel to your space.

## FAQ

**Q: What's your target market?**

A: We mainly focus on European market right now. Our next step is to launch new products and expand our market to North America, South America and the Middle East.

**Q: What is your target customer?**

A: Mainly for large supermarkets, chain stores, the network shopping, TV shopping and other customers.

**Q:What is the biggest advantage compared to the rivals?**

A: We are proud of our wide product range, strict quality control and stable customer relationships.

## Our Company

Our company was founded in 1996. Our main business is import and export, consisting of integrating designs, production and trading. We mainly manufacture metal products. We offer many kinds of tool cabinet, tool box, metal bending products and building fittings etc. Our products have been exported to America, Canada, Korea, Australia, Sweden and Netherlands and many other countries. We own a complete line of production equipment and machines, such as laser cutting, punching machines, CNC bending machines, drilling machines and other types of machines.

We also possess a strong capability of designs, developing and manufacture of molds. We can also tailor make product according to the buyer's drawings, samples and specifications.
