## Precautions For Use Of Large Rolling Tool Cabinet

- ▶ First, make sure you have read and understood all manufacturer's instructions and safety warnings.
- ▶ Before use, please check whether the tool cabinet is fully assembled and all parts have been installed in the correct position.
- ▶ Place the tool cabinet on a stable ground and install casters.
- ▶ Open the drawers and doors of the tool cabinet and check if there are any items left inside.
- ▶ Before using the tool cabinet, please make sure that your tools are arranged in an order that is easy for you to find and use. Please sort by category and assign tools to the correct drawers and cabinets.
- ▶ When using, please make sure you open the drawer or cabinet door first, and take out the tools or items you need. Put it back in place when you're done using it. This helps keep your tool cabinet neat and organized so you can easily find what you need.
- ▶ Clean and maintain the tool cabinet and perform regular maintenance as recommended by the manufacturer. This ensures the long-term performance of the tool cabinet.

## FAQ

**Q: What is the biggest advantage compared to the rivals?**

A: We are proud of our wide product range, strict quality control and stable customer relationships.

**Q: How can you guarantee the quality?**

A: We employ several experienced inspectors to strictly monitor the whole production process: raw material-production-finished products-packing. There are appointed staff responsible for each procedure.

**Q: What is your MOQ?**

A: It depends on what the customer buys.

**Q: What about the payment and delivery time?**

A: Our delivery time is 1-3 months in general.  
Payment: 30% in advance, 70% after receiving the B/L.

**Q: Do you provide samples?**

A: Yes.
